PRESS RELEASE

Stable second quarter at the Printing Company

14 August 2026 - **ANY Security Printing Company's net revenue in the second quarter amounted to HUF 16 billion, representing a 5% increase compared to the same period of the previous year.**

The Group's net revenue in the second quarter amounted to HUF 16 billion, HUF 0.8 billion (5.1%) higher than in the second quarter of 2025. Operating profit increased by 7.8% and EBITDA increased by 10.6% over the same period, while net profit remained stable despite adverse exchange rate effects.

The Company generated revenue of HUF 33.2 billion in the first half of the year, HUF 5.6 billion lower than in the corresponding period of the previous year. The decrease was mainly due to the one-off recognition of revenue from the large-scale export projects described in the first-quarter.

Consolidated EBITDA amounted to HUF 7.3 billion, operating profit reached HUF 5.8 billion, while EPS was HUF 280.

„In the second quarter our profitablity strengthened, which was supported by our increasing international market presence. Export revenue in this period amounted to HUF 7.9 billion, higher than in the previous quarter, representing an export ratio of 50%. Maintaining stable, balanced and profitable operations remains a key priority, based on continuous development and innovation. In order to achieve it, we adopt new technologies, development of document security solutions, AI-supported digital services, or improvements in the efficiency of manufacturing and administrative processes. I am proud of the ANY Group's creative and dedicated employees, whose expertise and ideas make all of this possible." added Gábor Zsámboki, Chief Executive Officer of ANY Security Printing Company PLC.
