FOUNDERS' INTENT

The Founders of the Budapest Stock Exchange Ltd. hereby declare their intent to reconstitute the Budapest Stock Exchange established on 19 June 1990, after a 42-years interruption, as a joint stock company under general legal succession.

A stock exchange operating in the form of a joint stock company is able to facilitate the efficient flow of capital, the expansion and unification of the Hungarian stock market, the alignment and accession to trends of the international capital market, the maintenance of the investors' trust, the objective assessment of capitals and assets as well as the development and the keeping of public and controlled market mechanisms.

A well-functioning stock exchange may contribute to the efficient operation of a market economy by concentrating the supply and demand of products traded at the stock exchange and ensuring the transparent assessment of such products by public exchange rate trends.

Due to its regulated and public nature and by developing trade habits and transaction channels, the stock exchange is able to multiply trade volume, thereby stimulating new public offerings and ultimately contributing to the development of the Hungarian economy as a whole.

It is the firm intention of the Founders of the Budapest Stock Exchange that the stock exchange rules, and the behaviour and business habits of traders be legally and ethically irreproachable. The Budapest Stock Exchange Ltd. wishes to contribute, through the transparency of its operations, to the development and operation of fair mechanisms in a Hungarian market economy built on the trust of investors.

Under the authorisation provided for in Art. 424 of Act CXX of 2001 on the capital market, and in order to realise their objectives, the Founders, in adopting the present Statutes have simultaneously established the stock exchange operating in the form of a joint stock company.

Following the completion of statutory obligations on reconstitution, the Founders intend to stipulate the substantive rules of the organisation and operation of the joint stock company by the present Statutes, subject to the provisions of Act CXX of 2001 on the capital market and the law governing the business organisations.
