To Budapest Stock Exchange Ltd. Trading and Business Development Division (location: Budapest, Szabadság tér 7. H-1054).

Auction Member / Exchange Member:

Location:

We, the undersigned authorized representatives of above named Auction Member / Exchange Member instruct the BSE to **SET UP** our trader in the MMTS1 system as follows:

name:

place and date of birth:

mother's name:

address:

nationality (primary):

We take notice that the setting up will be done by BSE in accordance with our declaration.

Role

TRADER
(able to monitor, modify or delete orders sent by himself
not able to modify his position limits
not able to modify the list of assigned traders and trading accounts of trader groups)

FIRMMANAGER
(able to monitor, modify or delete orders sent by other traders from the same Member
able to modify the position limits of the Member's traders
able to modify the list of assigned traders and trading accounts of trader groups)

TRADER REGISTRATION AUCTION MODULE – MMTS1

Risk management

- Chief trader: Allowed to request BSE supervision to delete any of the Member's orders

Position limit value calculated in HUF

Generally BSE creates the user ID with the following limits:

- **Warn limit:** 5.000.000.000 HUF (the system sends a warning message if the trader reaches the limit)
- **Hard limit:** 10.000.000.000 HUF (if the volume of the orders sent by a trader reaches the limit, the trader is not able to send more orders into the system)
- **Order limit:** NONE (the volume of a single order can't be higher than the limit)

If you would like to ask BSE to set different limit values, please fill in the value in all of the following sentences (if you wouldn't like to have a limit, just write „NONE” in the field):

Warn limit: (for example: 5.000.000.000 HUF)

Hard limit: (for example: 10.000.000.000 HUF)

Order limit: (for example: 100.000.000 HUF)

We take notice that the setting up will be done in accordance with our declaration.

Date:

(authorized signature)

Security and security awareness information

Users are expected to adhere to the following safety precautions, when using the BSE trading system:

- Access to the central trading system application for trader users is only possible after successful personal user authentication.
- The user credentials used to access the trading system (username, password and BSE Helpdesk telephone password) should not be shared with or passed to the users.
- In the event of a security incident or suspected operational anomaly, the brokerage firm or its trader user should report it to the BSE Helpdesk without delay.
- The trader user's operations, activities and instructions given on the Helpdesk telephone line are automatically recorded, and the Exchange maintains and stores recorded log data and voice recordings in accordance with applicable legislation.
- Use the trading system front-end client application only from an IT device that has an updated antivirus application running.
- Do not allow unauthorized persons to access information displayed on your screen.
- Don't leave the trading workstation unattended until you factually log out of the front-end client application, and lock your workstation's screen before you leave.
